1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed. Attach additional information if necessary.)

I am a customer of Duke Energy.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I am a customer of Duke Energy who cannot afford a 17% increase in my electricity rate. I am a single female struggling to make ends meet and living from paycheck to paycheck like a lot of people are right now. I am a state employee working to serve those with disabilities and special needs. The state budget is in crisis right now and I worry from day to day if I am even going to have a job if the budget cuts get any worse. As a state employee, my salary is very low. The cost of living continues to increase but I am forced to live on the salary I started making 10 years ago when I first started working for this agency. An increase of any kind in my electric bill would be devastating, especially a 17% increase. There is no need for this rate increase as Duke Energy has recently posted more than \$400 million in second quarter profits. This will also effect the most vulnerable of our community. Many of the individuals of whom I serve are medically fragile and require 24/7 life saving/ supporting equipment which of course runs on electricity. These families are already financially strained from the costs of raising special needs children and this rate increase would be devastating. I hope that you take all of this into consideration as you are making your decision.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

(This section should be completed.)

No, I do not wish to make an appearance at this hearing.
